BIG CONCEPT

Bring the attention of your audience over a key concept using icons or illustrations

Whoa! That's a big number, aren't you proud?

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change line color, width and style.

Isn't that nice? :)

Examples:

Now you can use any emoji as an icon!

And of course it resizes without losing quality and you can change the color.

How? Follow Google instructions
