## STUDY GUIDE FOR EXAMINATION #4 Spring 2010

Define: 'Ethics'
What is 'descriptive ethics'?
What is 'normative ethics'?
What is 'meta-ethics?'
What makes an issue an ethical issue? (Why do we have – need morality / ethics?)
What are the <b>four types of moral judgment / four classes of action</b> ?
2)
3)
4)

Explain and Distinguish between:

Explain and Distinguish between.
1) Cultural-Ethical Relativism
2) Subjective Ethical Relativism ('Ethical Subjectivism')
Why does the 'cultural differences argument' <u>NOT</u> require the conclusion that
Cultural-Ethical Relativism is correct?
What are two unwelcome / implausible consequences if Cultural-Ethical Relativism were
true?
1) One could not
2) One could not
Explain the view / claim of Psychological Egoism:
Explain the distinction between 'pleasure/benefit' of an action as <i>the motive / goal</i> of an action vs. <i>the by-product</i> of an action - and the importance of the distinction for the claim that all actions are "selfish."

Why, even if one's own benefit / pleasure IS the goal / motive of one's action, why is that action still <i>not necessarily</i> selfish? <i>What more is needed</i> for an action to be selfish?
1) The action must
and / or
2) The action must
Define / explain:
1) selfish action
2) unselfish action
3) 'non-selfish' action
Explain the 'method of reinterpreting motives' used by the psychological egoist. What is wrong with their use of such a method / argument?
If nothing seems count against the claims of psychological egoism, (if the claim / theory is 'unfalsifiable') why is that a weakness and not a strength of psychological egoism as a claim / theory?
Explain / give the 'basic logic' the moral theory: Ethical Egoism

Identify: Ayn Rand

Explain / give the 'basic logic' of the moral theory: <b>Utilitarianism</b>
Identify: <b>Jeremy Bentham</b> =
Identify: John Stuart Mill =
Define / explain: Act Utilitarianism =
Define / explain: Rule Utilitarianism =
Give the 'basic logic' of <b>Divine Command Theory of Ethics</b> :
List and explain <b>five assumptions - dynamics</b> of divine command theory of ethics
1)
2)
3)
4)

5)

1) may not
2) you might accept the wrong
3) you might make a wrong interpretation
4) you might make wrong application
5) you might have the wrong
explain: 'The Euthyphro Dilemma'
OMIT THIS
Identify: <b>Robert M. Adams</b> and explain his view of the basis of morality:
Kantian Ethics - Identify: Immanuel Kant
Give the 'basic logic' of Kantian Ethics
Where does one find 'the moral law' according to Kant?
What is the role of reason in Kant's ethics?
What is the only proper moral motive, according to Kant?

How could one "go wrong" practicing a divine command theory of ethics?
