

WELCOME TO MAC

Hello everyone to the new semester in your math class.

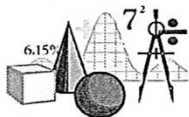

We want to welcome you to come to the MAC – The Math Achievement Center. If you ever need help in your math class or just want a place to study, then please stop on by. To find more information please look at the first QR code and a small map so you can locate us easily.

Located in **WINSHIP-110**

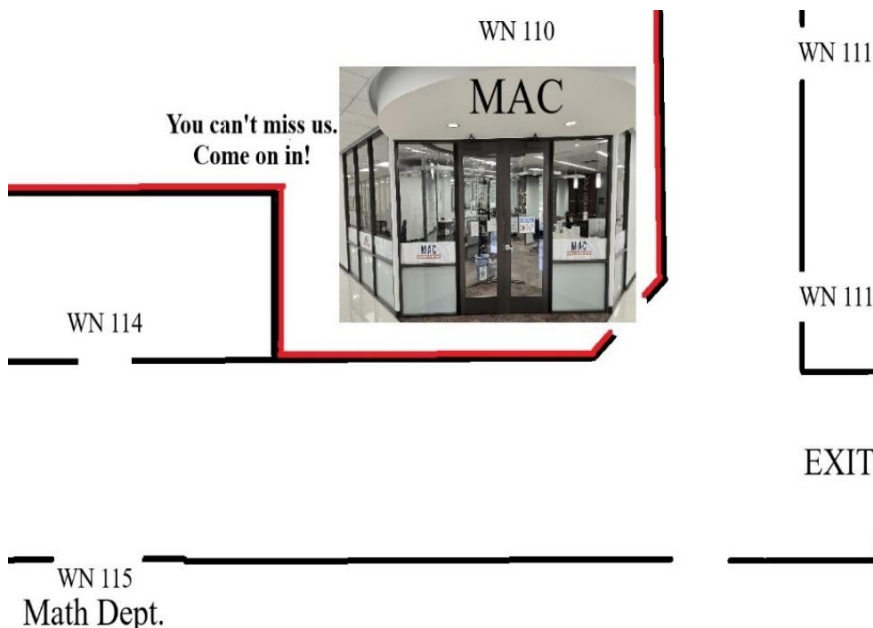

MATH TUTORS

No Appointment Needed

**MATH COMPUTER
ACCESS**

plus Course Resources at the
LSC-NH Math Department blog:

Important Notes:

- **WC Online North Harris account is needed to sign in and make appointments online. We accept walk-ins so please stop by when you can. You can register to WC Online by using your phone's camera to scan this QR code. (Only needed for new users)**
- **Bring your notes/reviews/material so we know what way your professor does the work, and we will keep it the same way they do.**
- **We help with HW, reviews and any questions related to the material you may have with your class. The tutor's job is not to teach you the material, but to help you understand it.**
- **We DO NOT help on Tests or Quizzes unless the professor provides us with approval.**
- **No food or drink in the MAC. If you need to eat or drink something, then we ask you to do that outside.**
- **No small children in the MAC as this is a study environment and we want to provide a quiet place to study and learn.**

Registration

Hope to see you here!
