

The Rules for the Group Activities

- 1.** The names of all the participating group members must be included on the Group Activity. Students whose names are not included will not receive any credit.
- 2.** Do not use your phone, laptop, or any technology to solve the problems. If I see you using a phone, laptop, or technology, you will instantly be given a score of zero on the Group Activity.
- 3.** You must follow the instructions for solving the problems. If you don't follow the instructions for a problem, then you will receive no credit for that problem.
- 4.** If you're not sure that you understand what the problem involves, then ask me.
