Extra Credit Guide for Exam 3

You can obtain up to a **maximum** of **10 extra credit points** for Exam 3 by completing the Practice Exam 3 (the one labeled Practice Exam for Extra Credit on my website).

The maximum score for the Practice Exam is 100. Here is how the extra credit points will be rewarded based on the score you obtain. (I will grade your work on the practice exam just like I will grade your work on the real exam)

Score on Practice Exam	Extra credit points
96 - 100	10
92 - 95	9
88 - 91	8
84 - 87	7
80 - 83	6
76 - 79	5
72 - 75	4
68 - 71	3
64 - 67	2
60 - 63	1
59 or below	0

Please print out every page of the exam, **including the first page with the instructions and score table** and complete the exam by writing directly on the pages. You do not need to show work on the multiple choice part but you must show all work on the written part. **Please print out the assignment report page and fill it out.** Use the assignment report as a cover sheet and **staple it together with the Practice Exam. Scan and email it to me to submit.**

ANY SUBMISSION THAT DOES NOT FOLLOW THE ABOVE INSTRUCTION WILL NOT BE ACCEPTED OR GRADED FOR EXTRA CREDIT.

The practice exam is due on Sunday, November 20th by 11:59pm via email to vinh.x.dang@lonestar.edu.

Please feel free to submit it to me any time before that date or before you take the actual exam and I will be very happy to provide feedback on comments on your solution to help you use that prepare for the exam.

NO LATE SUBMISSION IS ACCEPTED UNDER ANY CIRCUMSTANCE.

Any extra credit points you earn from this can be used for Exam 3 and Exam 3 only.

Your score on exam 3 will be computed using the formula:

> ## Exam 3 score = min {earned score + extra credit score, 100}

For example, if you earn 95 points for the exam and earn 7 points extra credit. Your score will be min{95+7, 100} = min{102, 100} = 100. In other words, you cannot get more than 100 points on the exam and the extra points over 100 will be forfeited.
